Lengthened Scason Forcensia Disastrous Financial Results.

WILSON N. C., December 2.—The moving spirits in the Wilson Athletic Association, owners of the franchise in the Eastern Carolina Baseball League, seem unanimous in their intention to dispose of this city's franchise, The lengthened season of 110 games forecasts a disastrous financial season, and Wilson, with Coldsboro, will probably be out of the league next year. This will give Durham the much sought for opportunity of getting into the league next season.

CHICAGO, ILL., December 2. hunting season, which closed Tuesday, was marked by more fatal accidents than usual, the number of dead reaching eighty-seven and the injured sixty-eight. In the previous year fifty-seven were slain; in 1907, eighty-two, and in 1906, seventy-four. Wisconsin and Upper Michigan continue to fur-nish the greatest number of victims. A pathetic feature is furnished in he death on Monday at Marquette,

Several cases were reported where careless marksmen angered other hunters by firing at them, and were themselves given/a scare by a return fire. It is so generally known in the Wisconsin woods that any person who is fired upon by mistake for a deer will try to shoot the careless marksman that the hunters are being more and more careful to make no mistake.

The majority of the victims were shot by companions.
